ACUPRESSURE

Chinese 5 Elements acupressure is an ancient system of touch therapy which works to alleviate unwelcome stress and dis-ease by holding two acu-points at one time, resulting in the release of muscular tension.

Acupressure is performed while the client is laying down fully clothed, on a massage table.

Register for a private hour long acupressure session.
Every Friday in July and August at 9am-10am or
10:30am-11:30am.
